

Fritwell Village Hall

North Oxfordshire

Fritwell Village Hall

Next Steps

Thank you for giving us your thoughts today. Over the coming months we will use your inputs to help us do the following:

- Meet with experts to plan and design a hall that can meet our needs and is achievable and affordable
- Bring an outline of possible options to the Village Hall Trustees to make an initial decision on feasibility and design
- Cost the final options and plans
- Consult once more with the residents and users of the Village Hall to choose the final design and plan

We will then begin fund raising to pay for the works.

We are aiming to be able to consult on final design and plan by the end of 2021.
